

Login Screen

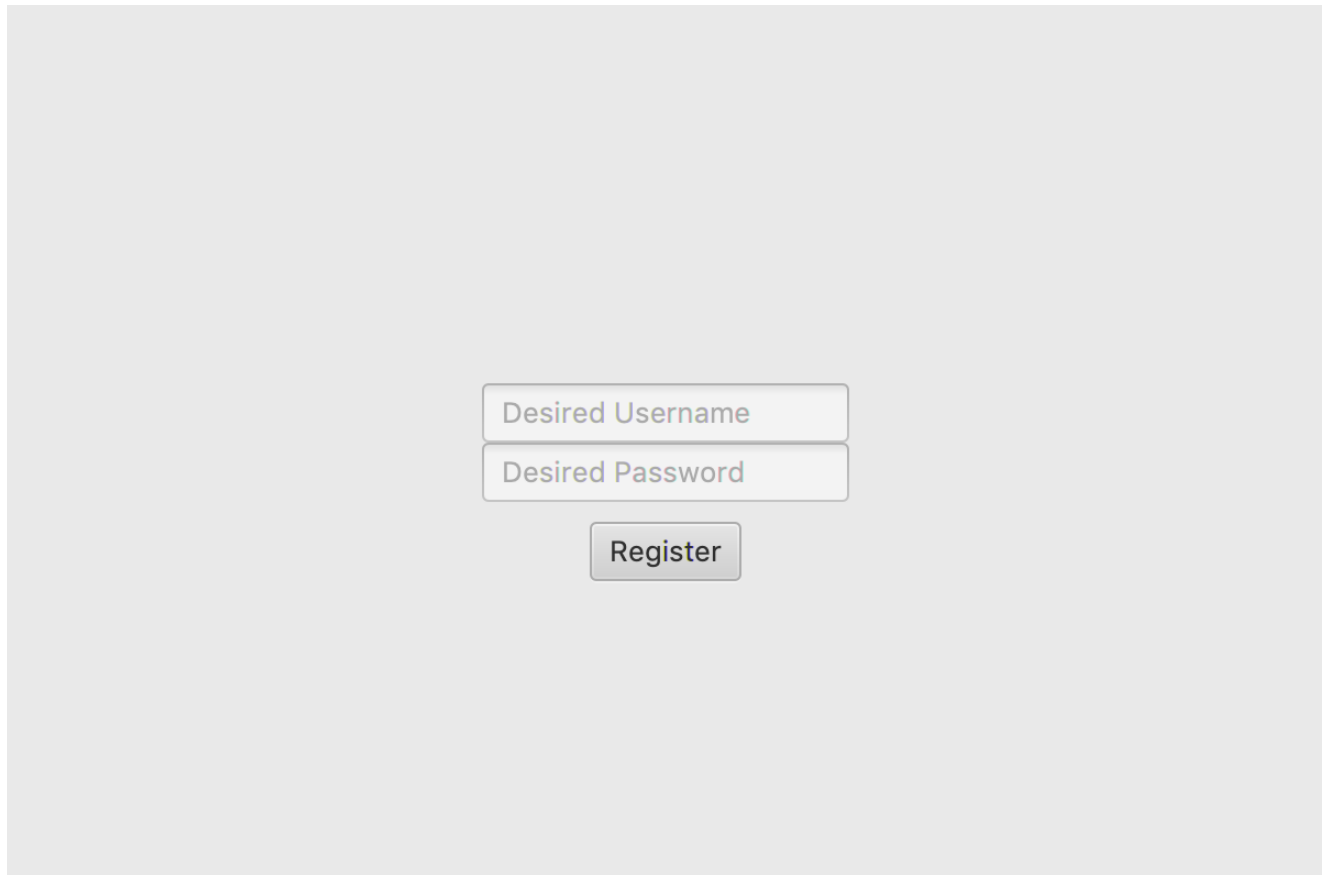

The image shows a login screen for a 'Photo Album'. It features a light gray background with a thin black border on the left. The title 'Photo Album' is centered at the top in a large, black, sans-serif font. Below the title, there are two input fields: 'Username' and 'Password', both with light gray borders and rounded corners. Below these fields are two buttons: 'Login' and 'Create New Account', both with light gray borders and rounded corners. The 'Login' button is positioned above the 'Create New Account' button.

Photo Album

Clicking Login will confirm the credentials entered

Create New Account leads to the New User Screen (next page).

New User Screen

A screenshot of a 'New User Screen' form. The form is centered on a light gray background. It consists of two stacked text input fields. The top field is labeled 'Desired Username' and the bottom field is labeled 'Desired Password'. Both labels are in a light gray font. Below these two fields is a single 'Register' button with a dark gray background and white text. The entire form is enclosed in a thin gray border.

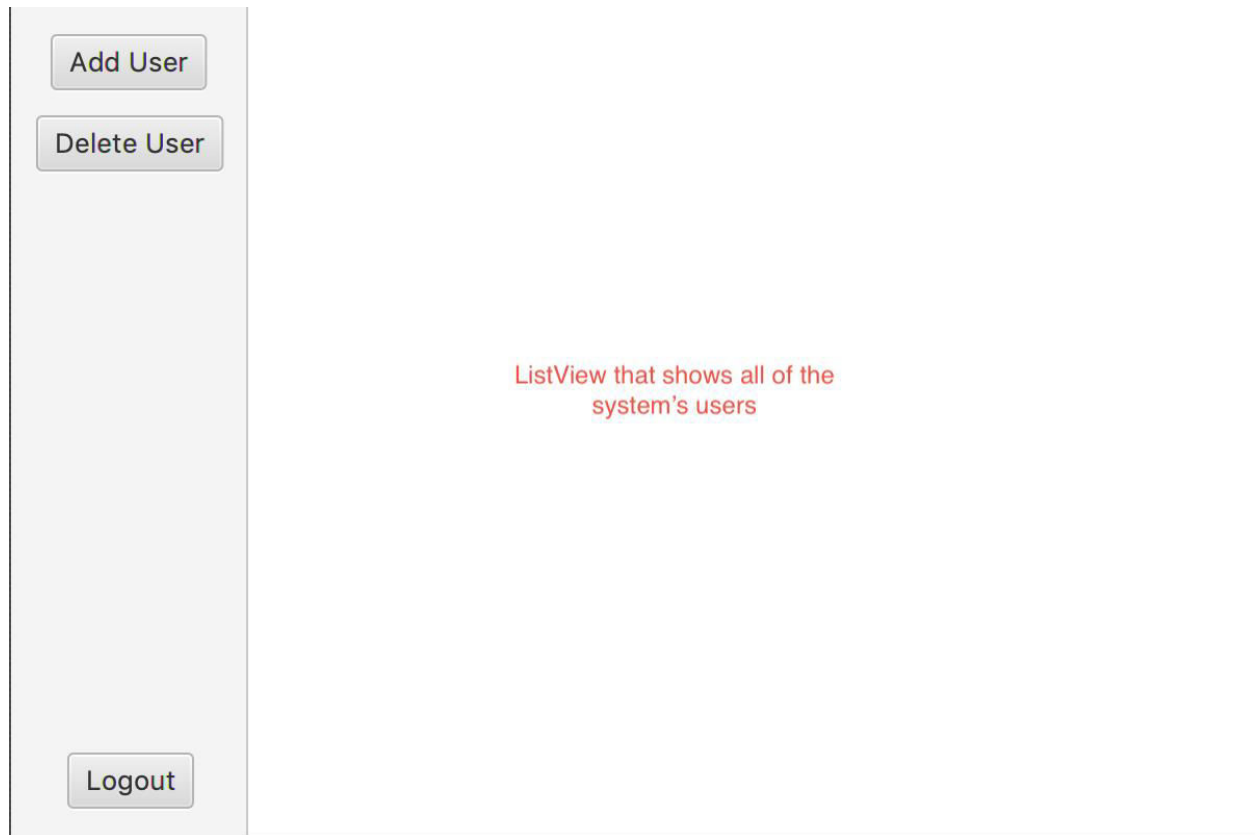

Desired Username

Desired Password

Register

Clicking register will check if a user already exists with that Username and disallow if so.

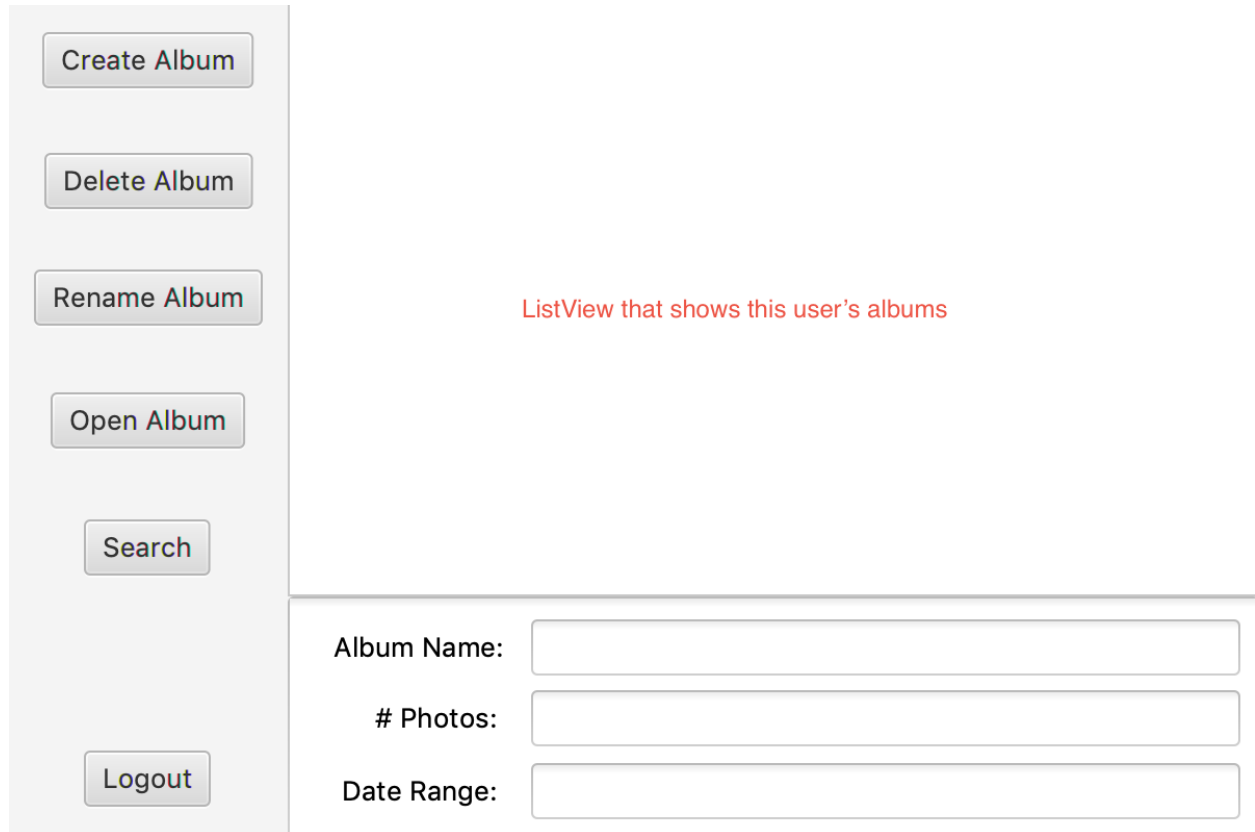

Admin Screen

Clicking "Add User" takes you to the same screen for normal user registration

Delete will lead to an "Are you sure?" popup with a confirmation button to delete the selected user

Album Screen

The image shows a UI mockup for an 'Album Screen'. On the left is a vertical sidebar with five buttons: 'Create Album', 'Delete Album', 'Rename Album', 'Open Album', and 'Search'. Below these is a 'Logout' button. The main area of the screen is divided into two sections. The top section is a large, empty light gray box with the text 'ListView that shows this user's albums' in red. The bottom section contains three input fields labeled 'Album Name:', '# Photos:', and 'Date Range:'.

Create Album

Delete Album

Rename Album

Open Album

Search

Logout

ListView that shows this user's albums

Album Name:

Photos:

Date Range:

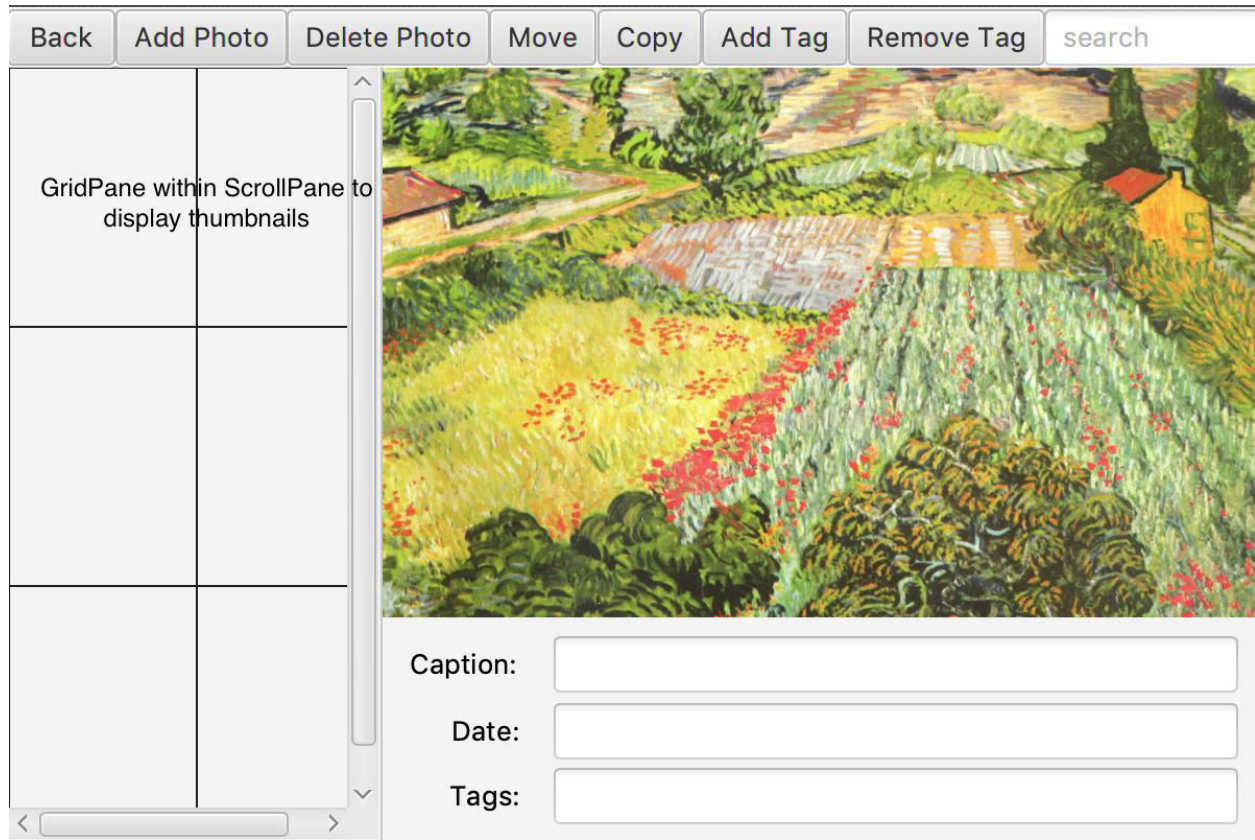

Clicking "Create Album" generates a popup with field for album name and a confirm button. Clicking the button will check if the album name already exists.

Delete album leads to "Are you sure" popup dialog. Deletes selected album.

Rename leads to similar popup as Create Album

Logout returns to splash screen (Login)

Photo Screen (inside album)

Back button leads back to the album screen

Add Photo leads to popup with a file upload box, a text field for the photo's name, and a confirm button.

Delete photo leads to "Are you sure" popup dialog and will delete the selected photo.

Move will lead to a popup asking for an album name and a confirmation button. If the album exists, the photo will be moved to the new album and then deleted from the original.

Copy will lead to a popup asking for an album name and a confirmation button. If the album exists, the photo will be moved to the new album and also remain in the original album.

Add tag leads to a popup with a text field and a confirm button. If the tag already exists for this photo, disallow it.

Remove tag creates popup with a list of all the tags, and a delete button. Selecting an option and clicking delete will remove the tag from the photo.
